PROJECTS

CLOTHING WEBSITE

Spearheaded a capstone project focused on developing a clothing website, where I meticulously applied **HTML, Tailwind CSS, and JavaScript** to bring the project to fruition. Through this endeavor, I crafted engaging user interfaces, leveraged Tailwind CSS for streamlined styling, and integrated JavaScript functionalities to enhance user interaction and functionality. This project not only showcased my technical proficiency but also honed my ability to collaborate effectively within a team and deliver a cohesive and functional web solution.

SKILLS

Proficient

HTML, JavaScript, Tailwind CSS, Python, React.

Familiar

Vues.js, Angular, Bootstrap, Sass/SCSS
